***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by US Pat. 2929907.

Noting firstly that the recitation of “depilation device” and “a storage space... for accommodating a store of depilation tape” refer strictly to the intended use of the device, US'907 discloses, at Figs. 1-4, col. 3, lines 20-39, and col. 4, lines 8-38, a housing 11, 12, 13, 14 with a storage space 16, a heating device 30 comprising a “plate-shaped heating wall designed for direct co-operation with the depilation tape,” and “pressure means” 51 “opposite the heating device.”

*Applicant is strongly urged to review the prior art cited but not applied when replying to this Office action.*

***Allowable Subject Matter***

Claims 2-6 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
